Prasanya Shankar

| +91 7395885048 **|** prasanya.webdev@gmail.com | **[LinkedIn](#)** | **[GitHub](#)** |**[Portfolio](#)** |

EDUCATION:

Pondicherry University, Puducherry, India.
Dec - 2025
B.A., English Literature

TECHNICAL SKILLS:

Front-end:
- HTML/CSS
- JavaScript
- React.js
- Bootstrap

Back-end:
- Node.js
- Express.js
- Python

Database:
- SQL
- MongoDB

PROJECTS:

Movie App - Netflix Clone App [HTML | CSS | ReactJS]   **Jan 2024**
[GitHub Repo](#) | **[Presentation Video](#)** | **[Website Link](#)** | **Username: saira** | **Password: princess@9** |
- Built a Netflix or Amazon like OTT platform
- Crafted a OTT platform catering to movie enthusiasts, employing a robust tech stack including HTML, CSS, JavaScript, React JS, Bootstrap, React Slick, and client storage.
- Implemented seamless navigation with React Router and enhanced the user interface using React Slick for horizontal scrolling, alongside UI design in Figma.
- Integrated TMDb APIs for efficient access to the movie database and authentication, ensuring a feature-rich experience for users.
- Employed client storage to persistently maintain login states, enhancing user convenience.

NxT Trendz - E-Commerce Website [HTML | CSS | ReactJS]   **Nov 2023**
[Website Link](#) | **Username: rahul** | **Password: rahul@2021** |
- Developed a robust e-commerce platform, drawing inspiration from industry leaders such as Amazon and Flipkart. Utilized a tech stack comprising React JS, JavaScript, CSS, Bootstrap, and React Router.
- Designed key pages including Login, Products, and Product Details using React components, form inputs, and event handlers.
- Ensured secure user authentication and authorization through the incorporation of JWT tokens and REST API calls.
- Leveraged local storage for seamless user experience and optimized data management.

Food Munch – Food delivery Website [HTML | CSS | Bootstrap]   **Jan 2023**
[Website Link](#)
- Created a responsive website for effortless browsing of a diverse food selection.
- Achieved a mobile-first approach, utilizing HTML structure elements and Bootstrap components to guarantee smooth navigation.
- Enhanced user experience by incorporating product videos, providing a clear view of food items easily accessible at users' fingertips.
- Ensured seamless navigation and accessibility for users across devices through the mobile-first design and Bootstrap components.

OTHER ACTIVITIES:

- **Getting started with Figma:** Completed 'Getting Started with Figma' on Coursera, earning a certificate. Acquired skills in design principles, prototyping, and collaborative work. Proficient in Figma for creating, managing components, and streamlining design workflows.
- **Python Fundamentals**: Completed an intensive Python fundamentals course at GUVI, mastering key concepts such as data types, loops, functions, and classes Completed hands-on exercises and introductory projects.
